INTRODUCTION

Any client of 4XC can become a Strategy provider (aka PAMM).

To request to become a strategy provider, the client must:

1

Access
your 4XC Client area >

2

Navigate
to the left side menu >

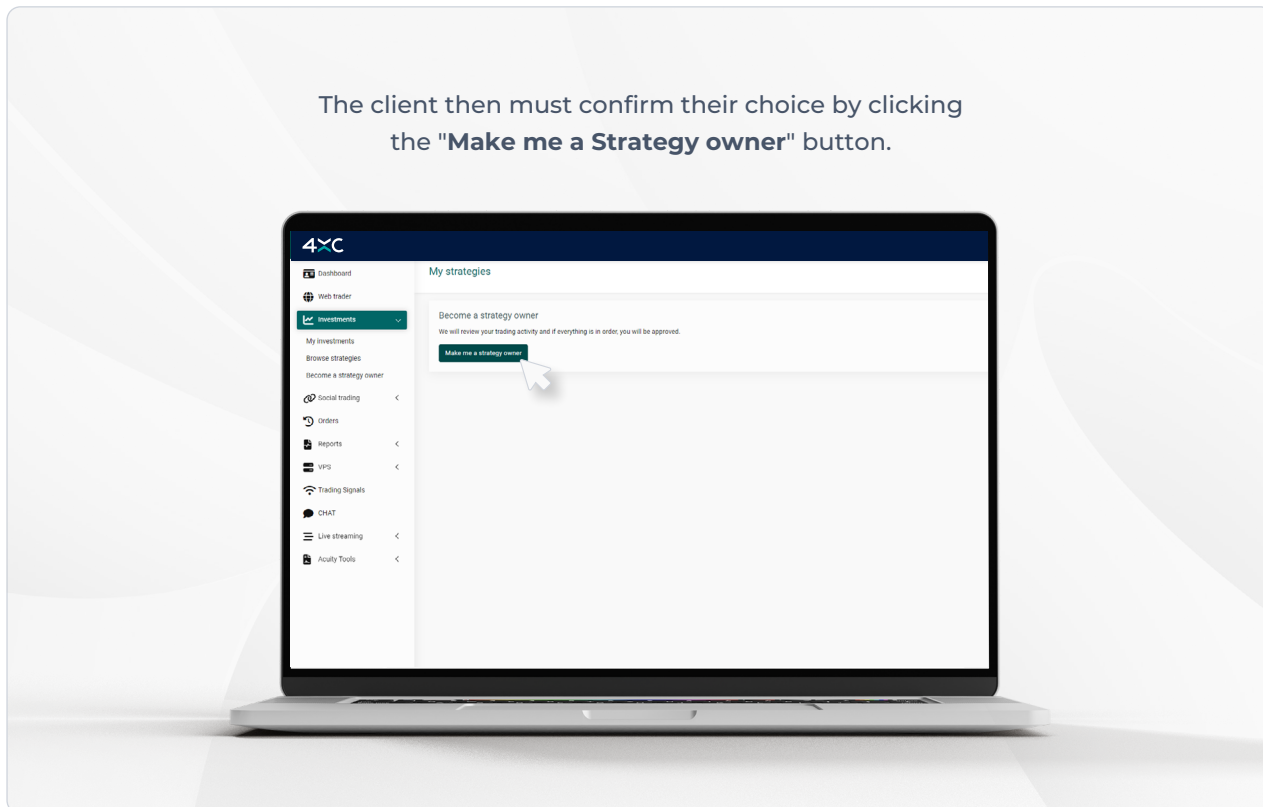

3

Select
Investments >

4

Become
a strategy owner

The client then must confirm their choice by clicking the **"Make me a Strategy owner"** button.

The next steps involve the client providing 4XC with more information about their strategy

STEP 1

ABOUT

Provide information about your strategy.

This section requires some information about the client and their strategy. The client can also choose to convert their existing account into a Strategy owner account, or create a totally separate one.

A screenshot of the 'Create strategy' form. At the top, there's a progress indicator with four steps: 1. About (active), 2. Tiers, 3. Conditions, and 4. Agreement. The 'About' section contains several input fields: 'Your Nickname' (text input), 'Hide strategy' (dropdown menu set to 'No'), 'Convert existing wallet' (dropdown menu set to 'No, create a new wallet'), 'Strategy' (text input), 'Description' (text area), 'Trading platform' (dropdown menu set to 'MetaTrader4Order'), and 'Currency' (dropdown menu set to 'USD'). At the bottom right, there are 'Previous' and 'Next' buttons.

STEP 2

TIERS

Fill out all the required forms under the “Tiers” section. The client should assess how they’d like to charge investors under each tier (maximum of 5 tiers), paying close attention to the following:

1

% Cut (aka Performance fee)

This fee is calculated daily and is based on a high-water-mark.

2

One-time fee (aka Joining fee)

This fee is taken once the investor joins the strategy.

You can charge based on these selections:

- None
- Percentage
- Fixed amount

3

Recurring fee (aka Management fee)

This fee is periodically deducted from the invested amount.

The client can charge based on these selections:

- None
- Percentage
- Fixed amount

Collateral amount is the investment you as a strategy owner makes in the strategy. This is visible to the investors and is meant to act as a proof of the strategy owner's own risk of investment in the wallet. Collateral amount cannot be withdrawn from wallet unless revoked by broker.

AGREEMENT

The client should then carefully read the agreement. If they're happy with the terms, they can navigate to the bottom of the page and accept the agreement by clicking the **"Make me a strategy owner"** button.

The screenshot shows a 'Create strategy' form with a progress indicator showing step 4 of 4. A tooltip is open over the 'Risk rating' field, stating: 'By setting this value, the system's automatic classification of the strategy risk is bypassed. Risk rating is a value from 1 to 7 where 1 stands for low risk and 7 for high risk'. The form fields are as follows:

- Collateral:** Set on first deposit. Value: 0.
- Withdrawal execution delay (days):** 2
- Minimum investment:** 0
- Maximum individual investment:** Unlimited. Value: 0.
- Maximum total investment:** Unlimited. Value: 0.
- Risk rating:** Use system default. Value: 0.
- Message:** (Empty text area)
- Allow investors to see trade history

Navigation buttons: Previous, Next.

After the client has successfully completed the application form, they can expect to hear back from us in 1 working day to confirm whether the strategy has been approved or denied.

We will contact the Strategy provider if we have any follow-up questions regarding their strategy.

Trading Forex/CFDs on margin carries a high level of risk and may not be suitable for all investors as you could sustain losses in excess of deposits. The products are intended for retail, professional and eligible counterparty clients. For clients who maintain account(s) with 4XC, retail clients could sustain a total loss of deposited funds but are not subject to subsequent payment obligations beyond the deposited funds and professional clients could sustain losses in excess of deposits.
